

espace LOGGIA

FOR A SUSTAINABLE FITTING

espace loggia's lead idea, that gives its rhythm to the collections, since the late 70's and the creation of the first loft bed remains : How to take full advantage of the volume of a room rather than being limited to the floor space ?

No more ephemeral furnishing thank to the exclusive evolving and modular furniture designed by **espace loggia**. Sustainable furniture that accompany everyone's envy and need, due to their bespoke manufacturing; everything is customizable, such as the brick fronts.

espace loggia designs and manufactures its furniture in France, everything is made of the finest plain wood.

One loft bed for three lifetime moments

An easy system. One investment : a loft bed mixing with harmony taupe & white colours. The accessories and the evolving possibilities come along time after time. One specific **espace loggia** system enables the structure to grow up in width and height. If you move house **espace loggia** can adjust your furniture to your new home.

Modulable kid

Modulable kid :
W.100 cm – L.190 cm – H. 96 cm
from 795 £
Brick staircase 345 £

A loft bed that ideally fits in a children bedroom, and offers a playing area.

This one enables two different spaces : a night one with the loft bed secured by its guardrails, and a playing area underneath, offering a dream world. Close to the floor, you access the bed with an inventive staircase made of drawers coming from the brick programme, a lot of storage for all the children's treasures. Note a fabulous headboard shelf for the bedside lamp.

Modulable teenager

Modulable teenager :
W.100 cm – L.190 cm – H. 160 cm
extension M+70 from 160 £
extension escalier from 165 £
desk and drawers from 405 £

Space and independence, two words linked to a teenager life. The loft bed gets a new face. The height is adjusted to the need. It only requires the installation of extra elevations to get the right height and to fortify the structure.

The playing area becomes a studying area, with a wide desk welcoming a personal computer and many other accessories thank to the shelves. Also note the double use of the brick programme, with the brick staircase and the drawer box under the desk. A wider model of the headboard shelf is also appearing, very useful for the books and a clock.

Modulable adult

Modulable adult :
W.150 cm – L.190 cm – H.160 cm
sleeping extension from 455 £
from desk to sofa from 300 £

A cosy and enthusiastic atmosphere to welcome your friends, the loft bed is a part of your adult and couple life. Twin bed is over, you now have a proper double bed according to the same extension adjustment. A great living space : The brick programme enables to create a sofa underneath and you still use your shelves as garnishment space. Note the new headboard shelf fixed on the guardrail for an incredible space saving and still useful for your books and other lamps.

espace loggia kid

The mobile bed enables to fit small places, and frees up your floor space for an incredible playing area. espace loggia offers an 'espace loggia kid' collection, a mobile bed made up of a twin bed, a reassuring guardrail and a headrest for a great comfort. **An espace loggia exclusive.** Convenient and clever, the mobile bed offers electric plugs build in the frame allowing to connect a night

light for your young child. Note the use of the brick programme, a comfortable playtime for your child and his guests. The collection offers a wide range of colour finishes for a dynamic awakening, according to the children tastes and wishes.

The explorer

Thank to the mobile bed, all the jungle animals are getting together on the bed, the shelves and the sofa. An invitation for the younger to live the adventures of the greatest explorers!

espace loggia kid :
champ libre 90x190 cm
from 1 990 £

« like mummy »

A mirror, a jewel box, a nice flower vase... The fittings using the brick programme and the elements from the mobile bed frame enables the young girls to create their own space and to follow their mother.

espace loggia kid :
champ libre 90x190 cm
from 1 990 £

A loft atmosphere made in espace loggia

This brand new mobile bed differs from the other models from the collection. First sign : the bed. The counterweight mechanism is not placed on the length side of the bed, but on the head side. A proper double bed for a great comfort.

Second sign : the colours. The softness of the pastel taupe colour associated to the wengé dark brown, creates a cosy atmosphere, a convivial world for you and your guests. It also gets back the incredible options available on every mobile bed : the electric plugs built in the frame, an optional led lightening and many shelves to decorate your space.

This new mobile bed 'loft atmosphere' totally frees up the volume of your room, gives you the space for all your activities and for the use of the brick programme or other complementary furniture.

Mobile bed :
champ libre 160x200 cm
from 3 040 €
